STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: New Hampshire

METHODOLOGIES FOR TREATMENT OF INCOME AND RESOURCES THAT DIFFER FROM THOSE OF THE SSI PROGRAM

New Hampshire treats income and resources for OAA, ANB and APTD in accordance with its State Supplement Program requirements. New Hampshire's policy is in accordance with allowable provisions in Section 1902(f) of the Social Security Act. New Hampshire's status as a 209(b) state allows more restrictive application of income and resource treatment than those provisions in SSI regulations. In opting for the provisions in 1902(f), New Hampshire is required to be no more restrictive than the approved State Plan that was in effect January 1, 1972.

In accordance with instructions in HCFA-AT-85-3, New Hampshire wishes to protect ~~those~~ sections of our State Plan governed by the moratorium provisions of Section 2373(c) of the Deficit Reduction Act of 1984.

Income and resource methodologies to be protected are based on our closest Cash Assistance Program, N.H. State Supplement Program.
